

Red Nose day 2024!

Year R Farm Day – March 2024

Year R have had the most amazing 'Farm Day' and have enjoyed being farmers for the day. They have had a very busy day and have done many exciting things.

They even got to meet real animals and were able to stroke them, feed them and find out new facts about them.

They also planted seeds, made clay pots, made a scarecrow and made their own ploughmans lunch to eat at the end of the day.

Phew, it's a busy job being a farmer!

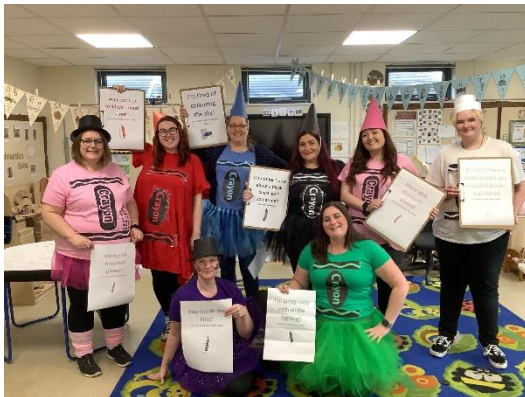

World Book Day – March 2024

Today we celebrated World Book Day in school.

We have had a wonderful book themed day which included dressing up in pj's and costumes, masked reader challenges, teachers swapping classes to read stories and, our families coming in to read with us at the end of the day.

Spring term after school clubs 2024

This week, the children attending our staff led after school clubs have had so much fun!

Service Club made delicious chocolate crispy cakes.

Lego Club watched The Lego Movie whilst creating models.

Art Club made all of the Rowner Bugs using different materials. Cooking Club made healthy fruit kebabs.

Sport Club made obstacle courses in the hall.

Year R 'Dino Day' Jan 2024

Our Year R children have been looking after a mystery egg this half term. The children guessed that it might belong to a dinosaur.

Yesterday our Year R children had a big surprise. They arrived in school to find that the egg had hatched! They then discovered dinosaur footprints and video footage of a real dinosaur walking around in Year R!

They spent the day being dinosaur explorers and followed footprints around the school.

They even had a visit from a fossil expert and made their own fossils.

Their exciting 'Dino Day' ended with a special visit from a 'real' dinosaur!
