

## The Bee Team

### September 2023

Today in assembly, Ms Woodford spoke with the Year 1 and 2 children about our pupil voice group, 'The Bee Team'.

The Bee Team will consist of 2 pupils from each class. They will meet half termly and bring ideas from their class about how to make our school even better.

This week, the classes will be talking about this important role and the children will be nominating 2 class members.

The children will be having their first meeting on Friday 22nd September.

They will wear a special badge around school to show that they are part of The Bee Team.

They will also have their photos displayed on a special board in school to enable everyone to know who the Bee Team are.

The children were very excited to hear about this in assembly

Our Bee Team members were announced in assembly today. Our Bee Team are our pupil voice group and they will be helping to make decisions about how to make our school even better.

They were given their special bee badges in assembly and then had their first meeting with Ms Woodford this afternoon. At the meeting they discussed where our new Calm Corners are going to be placed around the school. They also started to talk about ways to improve the library.

On Monday they are going to be invited to taste the new lunchtime menu. They will then share what they thought of the food with their classes.

## January 2024

Today, our Bee Team met with Ms Woodford to discuss lunchtimes. They shared the views of the children from their classes about what they like and dislike about lunchtimes.

The Year 1 and 2 children have shared that they would like to trial eating in the hall (instead of the classrooms), and we will start this in a couple of weeks.

Miss Sleaman, our school cook, made them some special bee biscuits to eat during their important meeting.

We would like to thank the Bee Team for their help today.

## February 2024

Today our Bee Team met with Ms Woodford to share the views of their class mates.

Our classes have now voted for new Bee Team members and, today, they joined the meeting with our current members.

They all discussed what they like and dislike about our recent lunch time changes.

After half term our new Bee Team members will take over.

We would like to thank our outgoing members for the amazing job they did in sharing the voice of their class.
